ENVIRONMENT DIRECTORATE REPORT

SAMHAIN 2021
NOVEMBER 2021

General Environment Enforcement

Environmental Inspectors continue to investigate and monitor illegal waste issues, littering, fly-tipping and illegal signage and issued litter fines where evidence of an offence is available.

Members of the public are encouraged to contact the local authority to report all incidents of illegal dumping or littering by using the following telephone number: 0761 10 20 20.

CRM Activity

The following graph shows a comparison of the top categories of CRM cases recorded by the Environment Dept. in the Comeragh area in the period from January to October in the years 2020 & 2021. Environmental Inspectors continue to investigate complaints received and monitor illegal waste issues, littering, fly-tipping and illegal signage and issued litter fines where offences are detected. The Waterford City & County Councils Dog Wardens continue to investigate all control of dogs issue throughout the City & County.

Environmental Education & Awareness

Waste prevention

October was National Reuse Month. A full calendar of events was scheduled around the country, from online tutorials and workshops to videos and podcasts. All events were listed on www.mywaste.ie. Events in Waterford included:

- Secondary schools competition to tackle the high number of single use water bottles used in their community. To be in with a chance to win a contactless water dispenser and reusable bottles for their school, classes must attend an online workshop to learn more about the issue and encourage local businesses to offer water refills.
- Sports Clubs involved in reducing the number of single use plastic bottles at their club grounds too by taking a pledge to reduce single use plastic. By signing up to Refill's Tap Map, sports clubs can receive a free sign for their tap and be in with a chance to win 100 branded reusable bottles for their members. Clubs can also opt to learn more about a range of ways for their club to reduce their impact on the environment.
- Community groups, Tidy Towns groups, businesses and general public were invited to attend an online workshop with Conscious Cup to learn more about how to encourage the use of reusable cups at cafes, etc. to learn how simple it is for any business to get involved and in the campaign and how we in our communities can encourage this positive climate action.
- A Fast Fashion resource has been created for use by teachers in Secondary Schools and is available to download from the Council's website, www.waterfordcouncil.ie/departments/environment/awareness.htm. This includes a teachers pack, presentation for use in class and an online workshop for teachers took place to inform them further about fashion and the environment on 13th October. This resource will allow classes to take action on a range of environmental issues such as waste, climate change and water pollution by discussing issues around fast fashion.
- A virtual furniture up-cycling workshop took place on 21st October to give tips and advice on how to prepare and upcycle pieces of old furniture.
- A 2-hour interactive workshop about Sustainable living took place on 2nd November to help people find easy and enjoyable ways to move towards more sustainable living.

LAPN funding was recently granted by the EPA for a project to encourage the use of reusable water bottles in place of single use plastic bottles. The first part of this funding covers the cost of the contactless water dispenser prize for the schools competition and the second funds a water refill station at each of the 2021 Blue Flag Beaches in Waterford.

Green Schools

This year's Green Schools Seminars were held online on in October and November, with a seminar for each theme to accommodate schools on the various themes i.e. litter & waste, energy, water, travel, biodiversity, etc. Anyone who couldn't attend the seminars on the night can access the presentation afterwards.

Litter

- We continue to receive requests for clean up materials and collection of litter. Waterford City & County Council offers assistance throughout the year for groups/individuals who volunteer to clean up litter and illegally dumped waste from their local environs e.g. approach roads, local beauty spots, beaches and general public areas.
- Picker Pals – 36 school classes will take part in this litter education programme this school year. Aimed at 1st & 2nd classes, Picker Pals combines storytelling, environmental learning and real world action in the local community. Picker Packs are created from old sails gathered from sailing clubs. This encourages students and their families to take action against litter and to become more conscious of the sources and types of litter locally.

Website

Environmental Information continues to be added to the Environment section of the Waterford City & County Council website which can be found at www.waterfordcouncil.ie
