**OCTOBER 2021**

**General Environment Enforcement**

Environmental Inspectors continue to investigate and monitor illegal waste issues, littering, fly-tipping and illegal signage and issued litter fines where offences are detected. Members of the public are encouraged to contact the local authority to report all incidents of illegal dumping or littering by using the following telephone number: 0761 10 20 20.

The following graph shows a comparison of the top categories of CRM cases recorded in the Dungarvan / Lismore area during the period from 1<sup>st</sup> January to September in the years 2020 & 2021.

## **Presentation & Cleansing**

### **Dungarvan:**

The wildflower meadows around the town have been cut to allow for re-growth next spring and a new flourish of flowering species. The areas that have been cut include an area across from the Linear Park, a section off the Youghal Road and the large meadow areas alongside Abbesside church and the area known as 'Stokes Field'. A number of smaller meadows are currently being cut including sites at Strandside, an area approaching Seapark along the 'New Line' and an area which was seeded this spring at Lands End.

This summer our seasonal bedding and hanging baskets have been particularly strong and vibrant. The work undertaken by staff in maintaining and watering throughout the summer has paid dividends. These displays are continuing to flower into late September and will possibly last until early October before they fade.

Staff are currently carrying out autumn maintenance of planted areas along the Youghal Road and roundabout through to the Coolagh Road Roundabout alongside both the Town Park and Walton Park in preparation for autumn.

## **Environmental Education & Awareness**

### **Waste**

#### **October is Reuse Month**

Reuse Month takes place in October and the public and all organisations are invited to hold and attend community-based workshops a multitude of areas such as managing food waste and upcycling everything from fashion to furniture. The idea is to bring people beyond the idea of "reduce, reuse and recycle" to a more conscious prevention of waste in the first place. Further information <https://www.mywaste.ie/reuse-month/>

#### **Green Picnic Campaign**

The Green Picnic campaign will be extended into the autumn and winter months. During the period June to September the Green Picnic campaign asked people to bring their litter home with them and bring reusable items wherever possible. We aim to promote positive and active participation in a campaign that will focus on the theme of reuse and encourage all to take responsibility for their actions and their waste. For the coming months, we will be engaging with Businesses, Secondary Schools, Tidy Towns groups and Sports Clubs to involve them in taking action on reuse also. This will be done via workshops, competitions and resources. Details of all of these events/projects are available on [www.waterfordcouncil.ie](http://www.waterfordcouncil.ie).

#### **Tackling Single Use Water Bottles**

Secondary schools will be invited to take part in a competition to tackle the high number of single use water bottles in their community. To be in with a chance to win a contactless water dispenser and reusable bottles for their school, they must attend an online workshop to learn more about the issue and encourage local businesses to offer water refills.

Sports Clubs can get involved in reducing the number of single use plastic bottles at their club grounds too by taking a pledge to reduce single use plastic. By signing up to Refill's Tap Map, sports clubs can receive a free sign for their tap and be in with a chance to win 100 branded reusable bottles for their members. Clubs can also opt to learn more about a range of ways for their club to reduce their impact on the environment. Community groups, Tidy Towns groups, businesses and general public are invited to attend a workshop with Conscious Cup to learn more about how to encourage the use of reusable cups at cafes, etc.

#### **Fast Fashion**

A Fast Fashion resource has been created for use by teachers in Secondary Schools and is available to download from the Council's website, [www.waterfordcouncil.ie/departments/environment/awareness.htm](http://www.waterfordcouncil.ie/departments/environment/awareness.htm). This includes a teachers pack, presentation for use in class and an online workshop for teachers to inform them about fashion and the environment on 13<sup>th</sup> October. In Ireland, half a tonne of clothing is dumped every minute, producing 12 tonnes

of carbon emissions. This resource will allow classes to take action on a range of environmental issues such as waste, climate change and water pollution by discussing issues around fast fashion. A virtual furniture up-cycling workshop will also be held to give tips and advice on how to prepare and up-cycle pieces of old furniture.

## **Litter**

### **“Bag it, Bin it”**

The Bag it, Bin it regional dog fouling campaign continues to evolve. A comprehensive education pack for primary schools will be launched after the midterm break and sent to schools, complete with lesson plans and presentations for teachers, worksheets for pupils and a song.

### **Local Litter Clean Ups**

Waterford City & County Council continue to receive regular requests for clean up materials and collection of litter. Waterford City & County Council offers assistance throughout the year for groups/individuals who volunteer to clean up litter and illegally dumped waste from their local environs e.g. approach roads, local beauty spots, beaches and general public areas. A national “Big Beach Clean Up” event took place recently, supported locally by Waterford City & County Council.

### **“Picker Pals”**

Picker Pals – 36 classes schools in Waterford will take part in this litter education programme this school year. Aimed at 1<sup>st</sup> – 3<sup>rd</sup> classes, Picker Pals combines storytelling, environmental learning and real world action in the local community. Picker Packs are created from old sails gathered from sailing clubs. This encourages students and their families to take action against litter and to become more conscious of the sources and types of litter locally.

### **Gum Litter Taskforce**

We are taking part in the Gum Litter Taskforce’s campaign once again this year. The campaign looks to build on the success of previous years as the percentage of gum as a proportion of litter has dropped by 64% since the campaign began. The campaign is making a strong return for 2021 after being postponed last year due to COVID-19. This year’s campaign will be different in that the national and local authority launch events will be done virtually, and the campaign will have a stronger social media presence in order to reach a wider and younger audience.

## **Website**

Environmental Information continues to be added to the Environment section of the Waterford City & County Council website which can be found at [www.waterfordcouncil.ie](http://www.waterfordcouncil.ie)
