Forward Planning January 2022 Dungarvan Lismore Report

Update on preparation of the draft Waterford City and County Development Plan 2022-2028.

The Chief Executive Report on the draft development plan public consultation phase has now been submitted to the elected members on the 22nd November and is available for public view on the consult.waterfordcouncil.ie website. Hard copies of the report and book of maps have also been issued. A number of successful workshops have been held with the Dungarvan and Lismore MD and the Comeragh MD in December and similar workshops with the Metropolitan MD are continuing during

January. The focus of the workshops heretofore has been on issues such as strategic flood risk assessment, wind energy, rural housing area types, rural villages and other local matters.

Further to Section 12(5) & (6) of the Planning and Development Act 2000, as amended, no later than the 18th February 2022 the members of the council may, having considered the CE Report and the draft plan, make a resolution to accept or amend the draft plan. Where any amendment is considered to be a material alteration to the draft plan a further round of public consultation will be required, subject to Strategic Environmental Assessment and Appropriate Assessment as necessary as per the timeline below.

In order to assist the making of the resolution on or before the 18th February, it is intended that the plenary and metropolitan district workshops will provide the basis for an addendum to the CE Report, in particular where matters raised at the workshops have not already been included in the CE Report or where further consideration is required of any recommendation made by the CE in the report. This final addendum to the CE Report will be further discussed with the council prior to the meeting at which the resolution referred to above will be made.

It should be noted that Section 12(5)(aa) of the Act states that following consideration of the draft plan and the report of the chief executive where a planning authority, after considering a submission of, or observation or recommendation from the Minister, the Office of the Planning Regulator or from a regional assembly made to the authority, decides not to comply with any recommendation made in the draft plan and report, it shall so inform the Office of the Planning Regulator and the Minister or regional assembly, as the case may be, as soon as practicable by notice in writing which notice shall contain reasons for the decision.
