Update on preparation of the draft Waterford City and County Development Plan 2022-2028.

The draft development plan is currently being prepared for your consideration, having regard to the content of the Report of the Chief Executive and subsequent Direction by the Council to the Chief Executive, given in January. The timeline for preparing the draft development plan indicates that it will be presented to the Plenary Council in April as per the table below.

This will be followed by a series of discussions and workshops with the Plenary Council throughout the months of April, May and early June to allow full consideration of the draft development plan and associated documents. A 10 week phase of public consultation will then take place from late June to late August during which time written submissions will be invited from members of the public and other interested parties. It should be noted that written submissions regarding the zoning of land for particular purposes should only be made during this 10 week period.

In a manner similar to the initial phase of public consultation last summer, it is intended to have a dedicated online consultation portal available through which the draft development plan and support documentation can be accessed and through which written submissions can be made.

Conservation

Waterford City & County Council has received 45 applications under the Built Heritage Investment Scheme (BHIS) and 10 applications under the Historic Structure Fund (HSF). These will now be assessed and the recommendations will be forwarded to the Department of Housing, Local Government and Heritage for approval

Under the Cappoquin Renewal Scheme, we are now engaging with local residents with regard to the repair of historic shopfronts and windows

Waterford City & County Council has also applied to the Heritage Council for funding under the Historic Towns Initiative for Tramore

Waterford has the largest collection of medieval urban defences in Ireland with six intact towers, and over 700m meters of wall. The walls are an excellent heritage, educational and tourism resource and remain largely underexploited for the tremendous benefit they could offer the city. Rose Ryall, Conservation Officer gave a presentation to the Metropolitan district meeting with regard to the City Walls and Towers. She presented the findings of a report on access to and presentation of the City Walls and possible actions to help promote this heritage asset.
