Re: Section 38 Road Traffic Act 1994 – Active Travel Scheme
Old Hospital Road at Southway's – Junction Tightening

The following proposed Active Travel scheme was advertised for public consultation from 20th September 2022 to 18th October 2022, inviting submissions before 01st November 2022.

- Construction of a new junction layout on Old Hospital road (L3165) at the entrance to Southway's estate.
- As part of the Active Travel works in the area, the objective is to improve walking routes, improve connections to existing footpaths and create safer crossing points.

Submissions:

One submission was received during the statutory consultation period.

Submission No. 1 – Michael Flynn

Dear Ian,

In relation to the above Active Travel Scheme I have the follow comments;

- Would the council consider making the pedestrian crossing at the entrance to Southways a continuous raised table / footpath with pedestrian priority as in Dutch towns and cities.
- Failing that would the council consider reducing the radii of the entrance to Southways further as they are proposing at the entrance to the Park Hotel in the Shandon Rd AT scheme.

Thank you.

Regards,

Michael Flynn

Waterford City and County Council, City Hall, The Mall, Waterford.
Comhairle Cathrach agus Contae Phort Láirge, Halla na Cathrach, An Meal, Port Láirge

Response to Submission No. 1

The intention is to make this crossing a raised table. It will however be an uncontrolled crossing point. The rationale for the scheme is to reduce the junction radii to make it safer for pedestrians crossing the junction.

Recommendation:

It is now proposed that the scheme proceed to procurement and construction.

Your approval to proceed with the scheme as advertised is recommended and requested.
