Dear [Ms Dunphy](#)

I refer to your correspondence regarding the provision of high speed broadband and the rollout of same.

All counties will see premises passed in the first 2 years and over 90% of premises in the State will have access to high speed broadband within the next four years. The NBP network will offer users a high speed broadband service with a minimum download speed of 150Mbps, from the outset.

In the coming weeks, NBI will publish a map on their website [www.nbi.ie](http://www.nbi.ie) detailing each individual premises included in the rollout, including an indicative timeline for service delivery.

I trust the above is of some assistance.

Yours sincerely

**Gary Brazil,**  
*National Broadband Plan*
