

Modifications to the Draft Local Authority Climate Action Plan 2024 – 2029 for the Waterford City & County Council functional area

Strategic Environmental Assessment Screening Determination under SEA Directive 2001/42/EC as transposed into Irish law under the European Communities (Environmental Assessment of Certain Plans and Programmes) Regulations 2004 (S.I. 435/2004), as amended

Waterford City & County Council has prepared a Draft Local Authority Climate Action Plan (LACAP) for the Waterford City & County Council functional area for the years 2024 – 2029 under Section 16 of the Climate Action and Low Carbon Development (Amendment) Act 2021.

A screening determination for the need for Strategic Environmental Assessment (SEA) has been made by Waterford City & County Council for the Modifications to the Draft LACAP under Directive 2001/42/EC. The screening assessment was carried out using the criteria for determining the likely significance of effects as set out in Schedule 1 of S.I. 435/2004, as amended.

The Modifications to the Draft LACAP have been made following a review of the issues raised during the prescribed public consultation period for the Draft LACAP from 1st November 2023 to 15th December 2023 and subsequent consideration by Waterford City & County Council.

The Draft LACAP has been informed by a SEA and an SEA Environmental Report has been prepared outlining the likely environmental effects of the Plan in accordance with the SEA Directive 2001/42/EC. Measures have been integrated into the Draft LACAP that provide for and contribute towards environmental protection, environmental management and sustainable development.

Following assessment of the criteria and having regard to the nature of the Modifications to the Draft LACAP and the potential for likely significant environmental effects associated with the Modifications, Waterford City & County Council has concluded that the Modifications to the Draft LACAP will not give rise to likely significant effects on the environment.

This determination has been made following consideration of the information contained in an SEA Screening Report for the Modifications to the Draft LACAP, and the criteria set out in Schedule 1 to S.I. 435/2004, as amended. The principal reasons the Modifications to the Draft LACAP will not give rise to likely significant effects on the environment are as follows:

- The modifications are only intended to provide clarification on existing Climate Actions defined in the Draft LACAP and make the LACAP more operative and focussed.
- The modification are not material and will not result in any additional, likely significant environmental effects not already considered in the SEA Environmental Report for the Draft LACAP.

Taking account of the above, it is determined that full SEA is not required to be undertaken for the Modifications to the Draft LACAP.

An SEA Statement will be prepared following adoption of the LACAP, which will detail the SEA process undertaken for the LACAP.

Modifications to the Draft Local Authority Climate Action Plan 2024 – 2028 for the Waterford City & County Council functional area

Appropriate Assessment (AA) Screening Determination under the EU's Habitats Directive 92/43/EEC Article 6(3) as transposed into Irish law under Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 (S.I. No. 477/2011), as amended

Waterford City & County Council has prepared a Draft Local Authority Climate Action Plan (LACAP) for the Waterford City & County Council functional area for the years 2024 – 2029 under Section 16 of the Climate Action and Low Carbon Development (Amendment) Act 2021.

A screening determination for the need for Appropriate Assessment (AA) has been made by the Council in respect of the Modifications to the Draft Local Authority Climate Action Plan in accordance with the requirements of Article 6(3) of the Directive 92/43/EEC (Habitats Directives) and Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 (as amended).

The Modifications to the Draft LACAP have been made following a review of the issues raised during the prescribed public consultation period for the Draft LACAP from 1st November 2023 to 15th December 2023 and subsequent consideration by Waterford City & County Council.

The Draft LACAP has been informed by an AA and a Natura Impact Report has been prepared outlining the likely environmental effects of the Plan on European sites in accordance with the Habitats Directive 92/43/EEC. Measures have been integrated into the Draft Plan that mitigate its potential effects on any European site.

Following assessment and having regard to the nature of the Modifications to the Draft LACAP and the potential for likely significant environmental effects associated with the Modifications, Waterford City & County Council has concluded, in view of best scientific knowledge and in view of conservation objectives, that the Modifications to the Draft LACAP will not give rise to any likely significant effects on designated European sites, alone or in combination with other plans or projects.

This determination has been made following consideration of the information contained in an AA Screening Report for the Modifications to the Draft LACAP. The principal reason the Modifications to the Draft LACAP do not give rise to any likely significant effects on designated European sites, alone or in combination with other plans or projects, are as follows:

- The modification are not material and will not result in any additional, likely significant environmental effects, including effects on ecological processes or European sites, not already considered in the NIR for the Draft LACAP.

Taking account of the above, it is determined that full AA is not required to be undertaken for the modifications to the Draft Local Authority Climate Action Plan 2024 – 2029.

An AA Conclusion Statement will be prepared following adoption of the Plan, which will detail the AA process undertaken for the Plan.
