Proposed works

The proposed works include alterations to the existing front of school area on Paráid na bPáistí to the front of Carrickpherish Educate Together National School. The alterations include widening of the existing footpaths, removal of car parking and junction tightening works. An additional pedestrian crossing point will be provided at the junction with Carrickpherish Road.

Two raised zebra crossings are proposed on Carrickpherish Road. Car parking between the two zebra crossings on Carrickpherish road will be removed and the existing cycletracks on Carrickpherish Road will be protected with bollards to prevent vehicles from entering/parking in the cycletrack.
