DERELICT SITE LEVY

Determination of valuations on the derelict sites which are on the Derelict Sites Register has commenced and notices have issued to 58 property owners. Eight properties have appealed the valuation to the Valuation Tribunal and a decision is awaited. The levy is an annual levy while the property remains on the Derelict Sites Register and amounts to 7% of the value of the property, on an annual basis. This will be further progressed in 2024.

Forward Planning

Residential Zoned Land Tax (RZLT) Draft Annual Revised Map

On the 1st of February last, Waterford City and County Council prepared and published the RZLT draft annual revised map for the 2025 tax liability year where the following general stages apply to the annual mapping process:

- Publication of a draft annual revised map followed by a 2-month period of public consultation, accompanied by placement of advertisements in local press and across Waterford Council social media accounts.
- Receipt of written submissions from landowners and consideration thereof.
- Notification of written determinations made by Waterford Council to the relevant landowners who made written submissions to the draft map.
- Making of appeals to An Bord Pleanála where landowners are aggrieved by the determination of the council.
- Publication of final annual revised map at the start of the relevant tax liability year followed by a repeat of the process to prepare a new draft annual revised map.

The public consultation period has now ended and a total of 12 written submissions have been received, the details of which will be posted on the council consultation portal consult.waterfordcouncil.ie in the coming days. We will keep the plenary council updated on principal issues arising during the process of preparing the final annual revised map throughout the year.

Local Area Plans (LAP) and Local Transport Plans (LTP) for Dungarvan/Ballinroad and Tramore

We are in the final stages of appointing consultants to undertake the local transport plans and hope to complete this in the coming weeks. It is intended that both the LTP and LAP for each of the settlements can then progress concurrently following appointment of the consultants. We will continue to inform the Council of progress in this regard.
