Affordable Homes at Summerfields

92 of the new homes at Summerfields have been earmarked as part of Waterford Local Authority Affordable Purchase Scheme.

The Affordable Purchase Scheme helps people on low to moderate incomes buy homes at reduced prices.

Through this scheme, Waterford City and County Council takes a percentage equity stake (share of the ownership) in the home equal to the difference between the open market value of the property and the reduced price paid by the purchaser.

The scheme is aimed at first-time buyers, but there are some exceptions to this.

What are the Eligibility Criteria?

To be eligible to apply for Affordable Housing applicants must meet certain income, property and residency criteria.

At a minimum, applicants must satisfy the following primary criteria in order for their application to be processed.

Your gross income must be below 85.5% of the market value of the affordable home or you have

proof from a financial institution that you cannot get a mortgage for 85.5% of the market value of the home.

You must not have previously owned a home that you bought or built to live in. Some exceptions apply.

You must have a legal right to live in Ireland.
