S. Breathnach Informed the members that Waterford continues to operate four rest centres, three in the city and one in Dungarvan. Approximately 200 people per day from Ukraine are coming into Ireland with just over 52,500 having arrived to date, which is expected to rise to approximately 69k by the end of the year. Approximately 1500 Ukrainians are registered with the Department of Social protection with a Waterford address. In the four rest centres in Waterford 841 have been taken in with 687 having moved out. 571 have moved to pledged or other accommodation. The rest centres have a bed capacity of 242. 500 other beds, for example, hotels, are being utilised by IPAS. A new national pledge for accommodation is expected in the coming weeks/months.

Waterford Council is currently looking at other properties for example vacant commercial buildings in the city environment similar to the property on #20 the Mall for refurbishment into longer term accommodation. The Department of Housing have been met and wish to proceed with this model.

S. Cooke wanted to draw attention to a garden project operating in Dunhill where a number of Ukrainians are participating

Mayor O'Leary Noted that the pledge for accommodation nationally has levelled off. He queried whether there were other ways to attract additional accommodation. S. Breathnach stated that talks are ongoing at a national level examining the relevant policies. There has been a delay in the next national pledge. One of the options being examined is increasing the monthly payment from €400 to €600/650. The pledge in Waterford remains open and this will be readvertised shortly on both social media and other media platforms

M. O'Brien Stated that WWETB are running courses across the city and county covering a number of areas but more specifically literacy.
