### **Conservation Officer Report May 2022**

Heritage Council have offered Waterford City and County Council €12,000 towards an Illustrated guide to Waterford's Medieval City Walls and Towers. This funding is provided under the Irish Walled Towns Network (IWTN) - Interpretation and Events fund 2022. The production of such a guide combines 3 of the actions proposed under the Interpretation Plan for Waterford Medieval City Walls Towers, for which Waterford City and County Council received funding for in 2021. The proposed project will present the history but also illustrations of the walls and towers in the past and some of the activities that occurred around them. The purpose of the project is to produce a short-guided walks leaflet but this information will also be available on line.

#### **3,4 and 5 Cathedral Square**

Conservation works continue to consolidate the buildings, which contain some late medieval fabric. It is proposed that when the works are complete, that the buildings will be used as part of the Museum offering. This follows the positive works carried out in the last few years in other historic buildings in the Viking Triangle, such as Greyfriars Church and the Deanery

BHIS funding, several of the projects have already commenced works, which are providing employment for skilled craftspeople.
