

NOTICE TO ALL HOUSING AND TRANSFER APPLICANTS

Waterford City & County Council have introduced an online **Choice Based Letting Scheme** on a pilot basis. This is a new way of allocating certain council properties to approved housing and transfer applicants. Each week the Council will advertise, on a dedicated website, the properties available to applicants within Waterford city & county. If you are interested in becoming a tenant of an advertised property you can submit an expression of interest online via the Council's website.

To access the system you must be an **approved housing or transfer applicant** and will need your PPS number and date of birth to log in. For the initial phase the first lot of advertised houses will remain on the website for 3 weeks until Thursday 6th October 2016. After that the properties will be advertised on a weekly basis from **9 a.m. on Fridays to 12 noon on Thursdays**.

You may access the system from your mobile phone or tablet. If you do not have access to the internet, you can call into any Library to use their public computers. If you are not a library member you will need to bring photographic identification and proof of your address.

If you wish to see what houses are being advertised you will need to log into the council's website each week. For further information and instructions on how to submit an expression of interest please go to the Council's website www.waterfordcouncil.ie. Please note that the final decision regarding the allocation of an advertised property remains with the Council.
