## **TERMINATION OF OLD GRANT SCHEME FOR THE IMPROVEMENT OF A PRIVATE WATER SUPPLY**

The Department of Housing, Local Government and Heritage wishes to bring the old grant scheme (pre June 2020) for private water supplies to an orderly close. The closing date for applicants/householders to submit any outstanding applications for payment where the works had been approved under the previous scheme and where work had already started before the 4th of June 2020, is the **30th of June 2021**.

The Department will give consideration to exceptional circumstances (e.g. householders having to retest their water supply to confirm the adequacy of installed treatment processes or difficulties getting contractors to return to complete works due to Covid-19 concerns).
