Dear Eoin,

We confirm we are the acting Civil/Structural Engineers for the above project.

FFA have engaged with Irish Water and issued a pre-connection enquiry.

We have also engaged with WCCC Sanitary Services and have committed to undertaking final agreement with Irish Water and if same could be conditioned to allow planning to proceed.

I trust the above is to your satisfaction, but should you have any questions or queries relating to this letter please don't hesitate to contact us.

Yours sincerely,
